Termyt NFT whitepaper

Introduction:
The Termyt NFT project is a unique and exciting opportunity for collectors and enthusiasts to own a valuable digital asset. With its five levels of rarity and robust utility features, Termyt NFTs provide a dynamic and engaging user experience. The Termyt project is built on the Avalanche network, a fast and efficient blockchain ecosystem that provides a secure platform for NFT ownership and utility.

Supply and Rarity:
The Termyt NFT collection will consist of 5000 NFTs, with some reserved for marketing, giveaways, team, and treasury. The collection will be divided into five levels of rarity: Queen, Kings, Royals, Soldiers, and Workers, with each level having a distinct visual design and unique characteristics.

Utility:
Termyt NFTs have several utility features that provide additional value and functionality for holders. These features include:
Governance rights: Termyt NFT holders will have the ability to participate in governance decisions related to the Termyt ecosystem, such as voting on new features, upgrades, and proposals.
Staking: Termyt NFT holders will be able to stake their NFTs to earn rewards and incentives within the ecosystem.

Art Upgrade: Termyt NFT holders will have the option to upgrade the visual design of their NFTs through an Art Upgrade process, enhancing the value and collectibility of their NFTs.

Roadmap

The termyt NFT collection will be divided into the following phases.

Phase 1: Launch and distribution of NFTs.

During this period, we will launch the Termyt NFT collection and distribute NFTs to early

supporters and investors via airdrop. We'll also sell NFTs to the public, and provide details on the pricing, the number of NFTs available, and the platform(s) where they'll be sold.

Phase 2: Community growth and engagement

Here we will be focusing on expanding the Termyt community and interacting with our NFT holders by offering exclusive events and experiences. During this phase, NFT holders can upgrade the visual design of their NFTs through the Art Upgrade process. We'll also introduce a seasonal game that provides rewards and incentives for players. Additionally, we'll incorporate community feedback to add more features and gameplay mechanics.

Phase 3: Token Launch and Utility Integration

In this phase, we will be making some useful additional features to Termyt NFTs, such as staking, governance rights, and an Art Upgrade process. We'll also launch a game token that rewards and incentivizes holders. Details on governance rights and staking for Termyt NFTs will be provided later.

Phase 4: Game Launch

In this phase, the Termyt NFT game will be fully launched and players can start utilizing their Termyt NFTs as in-game assets. By participating in the game, players will have the opportunity to earn Termyt Ecosystem tokens, which can be used as a utility token for staking, governance, and other features within the Termyt ecosystem. Additionally, holding Termyt NFTs will enable players to access exclusive benefits and features in the game.We're excited to reveal more details on the gameplay mechanics and how Termyt NFTs will be utilized as in-game assets. We believe that the innovative use of NFTs in our game will provide a unique and engaging experience for our players, and we can't wait for them to try it out for themselves!

Phase 5: Merchandise Launch

We'll be launching a range of merchandise featuring unique Termyt NFT designs, which will include clothing, accessories, and collectibles. This will provide additional opportunities for collectors and enthusiasts to showcase their support for the Termyt project and engage with our brand. We'll work closely with partners to ensure that every merchandise is of the highest quality and that it reflects the unique and valuable nature of Termyt NFTs. We believe this will help us to create more awareness about our project and drive more traffic to our

merchandise store. We're excited about the potential of this phase and look forward to bringing the Termyt brand to life in new and exciting ways.

<u>Conclusion:</u>

The Termyt NFT project is an exciting and unique opportunity for collectors and enthusiasts to own a valuable digital asset. With its five levels of rarity, robust utility features, and seasonal game, Termyt NFTs will provide a dynamic and engaging user experience. By building on the Avalanche network, we can provide a fast, efficient, and secure platform for the Termyt NFT ecosystem to thrive. We look forward to the growth and success of the Termyt project and invite you to join us on this exciting journey. Whether you are a collector, enthusiast, or gamer, the Termyt NFT project has something for everyone. Our commitment to community engagement, utility, and innovation will ensure that Termyt NFTs remain valuable and desirable assets for years to come.

Thank you for considering the Termyt NFT project. We are excited to welcome you to our community and look forward to the growth and success of the project together.
